

SERVICES

For twenty-five years, Caliper, Inc. has been providing human resource solutions that include staff augmentation (temporary services), outsource, on-site management, and permanent placement.

Caliper, Inc. is headquartered in Virginia Beach, Virginia and can support our clients throughout the United States and abroad.

Specializing in . . .

Staff Augmentation Services — Caliper, Inc. understands that every organization has diverse staffing needs; therefore, we provide each client with a collection of qualified pre-screened candidates to assist with short-term, long-term and temporary-to-hire requirements.

Outsource Services — Caliper, Inc. provides solutions enabling our clients to effectively outsource non-core functions which allows those organizations to concentrate on core business.

Vendor Management Services — We provide a team to manage your staffing requirements, utilizing Caliper resources and other qualified vendors to streamline the purchasing process and consolidate services.

Permanent Placement Services — Caliper, Inc. provides recruiting and pre-screening services to identify qualified candidates interested in permanent employment opportunities.

VENDOR MANAGEMENT SERVICES

Caliper, Inc. Vendor Management Services provides cost-effective solutions to streamline and consolidate staffing services.

Our team will:

- **Manage and consolidate duplicate staffing related services, providing your organization with a single point of contact to support staffing requirements.**
- **Develop strategic partnerships with staffing companies that share our service philosophy.**
- **Implement price controls and discount incentives that will result in a reduction of current staffing costs.**
- **Provide on-site management to respond to orders and to manage temporary resources.**
- **Eliminate inconsistency in employee wages and benefits.**
- **Support efforts to achieve diversity supplier goals by partnering with small/disadvantaged, minority/woman owned, and HUB zone companies.**

OUTSOURCE SERVICES

We understand that in today's competitive business environment, it is important for the client to focus on key business elements. Therefore, Caliper, Inc. provides outsource services; unique and cost-effective solutions that will strengthen the client's capacity to meet their overall business goals.

Non-core functions can consume management's time and energy. These functions are necessary, but do not define your business. Our outsource team partners with the client, supporting these non-core functions and processes, efficiently and effectively.

Caliper, Inc. outsource services provide:

- **A partnership committed to mutual success, meeting goals and maintaining high-level performance.**
- **Recruiting, screening and hiring employees that cost less than permanent employees.**
- **A service team with demonstrated success to manage the outsource function.**
- **On-demand customized reports to measure and track your production goals.**
- **A service that eliminates co-employment issues and concerns.**
- **The flexibility to reduce your headcount and lower overhead.**
- **An outsourcing solution that focuses on production goals, quality processes and safety.**

IMPLEMENTATION PROCESS

To familiarize our clients with Caliper's services and capabilities, we have an implementation team that consists of industry professionals responsible for building the foundation for a successful partnership.

To determine a cost-effective solution, this team will:

- **Work directly with management, human resources, purchasing, supervision and key users to determine contract and/or outsourcing goals and implementation strategy.**
- **Determine technology and reporting requirements.**
- **Review current processes and functions to determine cost-effective alternatives.**
- **Gain a thorough understanding of outsourcing and/or contractor goals and set-up performance indicators and statistical measurements.**
- **Create a reporting system that meets expectations and provides accurate data to support production/performance goals.**
- **Evaluate labor and onsite management requirements.**
- **Develop a clear communication chain that will benefit both organizations.**
- **Build the foundation for a strong partnership and a "Win/Win" situation.**
